LIONS CONCLUDE CONVENTION

Walter F. Dexter Chosen
International President
For Ensuing Year

OAKLAND — Walter F. Dexter, of Sacramento, California, was elected President of the International Association of Lions Clubs today, at the closing session of the annual international convention.

Ten thousand delegates and their families, representing 3,000 Lions Clubs of 105,000 membership in eight countries, attended the four-day convention just concluded.

Mr. Dexter, who for the past year has served as first vice-president succeeds Frank V. Birch, of Milwaukee, Wisconsin, to the Presidency of Lions International. He was formerly Secretary to the Governor of the State of California, and is now State Superintendent of Public Instruction. He is also chairman of the Committee of Forty appointed by the Board of Supervisors of Los Angeles County for the simplification of county government.

The new President has been very active in Lions' work. He was elected to the International Board in 1934, and at the 19th annual convention, held in Mexico City, he was elected third vice-president. Through successive years, he has now been elevated to the office of International President. Prior to being elected to the International Board, he served as District Governor of the Fourth District, then composed of the states of California and Nevada and the territory of Hawaii.

10 County Men Fight Fires

8,000 Battle Flames On Many Fronts In Forests Stretching Along Pacific Coast

Eldorado Forest announced Friday morning that five additional men had been sent by the forest to become crew leaders in fighting fires in other national forests in California, in response to renewed appeals for help.

Five had been detailed earlier in the week to the Trinity Forest, where, the United Press reported Friday that the flames are "running wild" in rugged country, and today five more were sent to the Klamath Forest, where fires this week have defied control.

On Eldorado Forest, two small fires were reported Thursday afternoon but were brought under control during the early evening.

Fires are burning in public and privately owned timber lands stretching along the coast from British Columbia to Southern California and in some areas, according to the United Press, officials announced that the fires had apparently been set for the purpose of providing jobs. Large numbers of men, in times of fire emergency, are recruited in the larger cities and sent to the fire lines.

However, forest officers were quoted, this "green" material is not of much use on the fire line.

Housewarming Surprise At Uncle Tom's

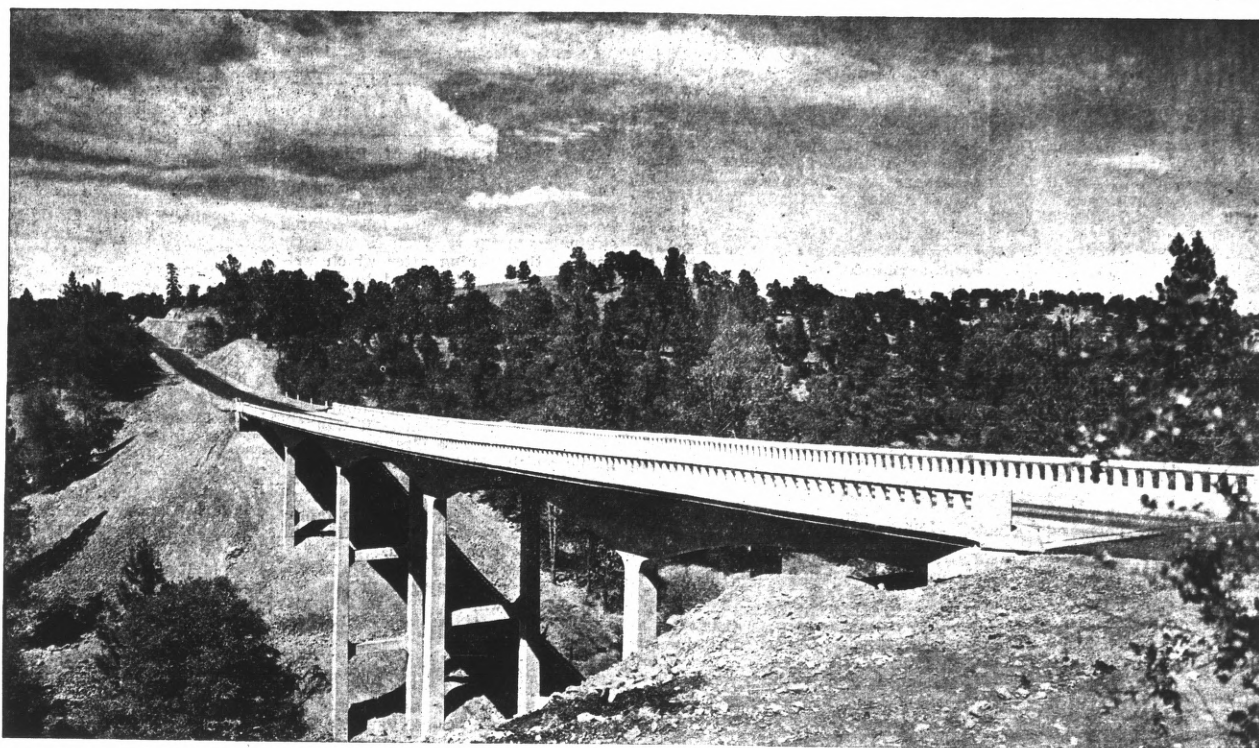

About twenty-five couple of Camp Fourteen of the Michigan-California Lumber Company called on Mr. and Mrs. Archie Lawler at their resort at Uncle Tom's for a housewarming Thursday night, celebrating the completion of rebuilding made necessary by the past severe winter.

Frenchy Mills, Red Ford, Bill Berry, Babe Balderston and Bill Person were musicians for the evening and there was dancing in the dining room.

THE NEW HIGHWAY BRIDGE spanning Webber Creek on U. S. Route 50 between El Dorado and Placerville, crosses the creek at a point 100 feet above stream. The concrete span is 322 feet long and was erected at a cost of approximately \$41,000. J. H. Horn, son of the late Mrs. Maude Horn, of Georgetown, was the state engineer on the structure. The above view, reprinted by courtesy of California Highways, official journal of the state Department of Public Works, for July shows the bridge and a section of the new highway, looking easterly across Webber Creek.

PINO GRANDE

Clarence Ramsey suffered a severe spell of exhaustion on Thursday morning necessitating a period of complete rest at the Placerville Sanatorium.

Kenneth D. Lewis, Brooks Mason, Elwood Marshall met at the old swimming pool below Camp three, on Sunday morning. They repaired the dam and let in the water. Although the pool is not as deep as in previous years, it is deep enough to swim in and many of the local people will no doubt enjoy it, when they do not feel like taking the long ride to Fernan reservoir. Kenneth is to be congratulated for his "go aheadness" and the money and effort he expended in getting the project under way.

Mr. J. Nyberg and Mr. Rex drove to Camp 14 on last Friday evening. They delivered a strain spring weighing 750 pounds for the R. D. 8 bulldozer.

On July 26th another bond election for the enlarging of the county high school will be held in El Dorado county. The local polls are at the schoolhouse. The high school is badly crowded and the proposed addition will materially benefit not only the high school children of today but all the children of the county for years to come. Go to the polls and vote.

Reginald Darr, Vic Darr and Harry Phillips each brought in the limit of trout from lower Slab creek on Saturday. Harry unfortunately ran a fish hook in his hand which had to be extracted by Dr. Brooks.

Mr. and Mrs. Allen Swansborough entertained at their lovely home in Mosquito on Saturday evening in honor of Bill Berry and his bride. About forty invited guests were present, some from as far away as Sacramento and Oakland. The early part of the evening was spent dancing on the spacious veranda. At midnight a delicious supper was served in the dining room after which community singing was enjoyed. At a late hour the guests departed with everyone agreeing it was a lovely party and that they had had a grand time.

Mr. O. Strand was a visitor in Sacramento over the week.

Ray Hottinger drove to Placerville Friday night to receive the delivery of a 1936 Chevrolet.

Mr. and Mrs. I. Wickstrom, Mr. and Mrs. W. Immer and Mr. and Mrs. R. Harrison were shopping in Placerville on Saturday.

CANNONADING IN SKIES MARKED OPENING OF NEW ROUTE 50 ALIGNMENT

Cost Of Grading And Surfacing 4.3-Mile Section Was Approximately \$190,000; 322-Foot Concrete Bridge At Webber Creek Built At Cost Of \$41,000 Additional

By HARRY A. HOPKINS

Assistant Director of Public Works

(Reprinted by permission from California Highways, official journal of the state Department of Public Works, for July.)

To an accompaniment of cannonading in the skies and a lavish aerial electrical display staged by Nature, the newly-aligned section of U. S. 50 between El Dorado and Placerville, washed spick and span and christened by a summer rain, was dedicated to public service on Sunday morning, June 19.

The thunder and lightning and the ensuing downpour failed to dampen the enthusiasm of several hundred citizens of El Dorado County and visitors who participated in the road-opening celebration. As a matter of fact, the brief and unexpected storm added a rather enjoyable interlude to the dedicatory ceremonies.

Opening of the new highway was celebrated exactly eighty years to the day after the first mail coach rumbled into Placerville, then Hangtown, from Sacramento.

Completion of this project marks another step in the improvement of the road between Sacramento and Lake Tahoe, via Placerville. The growing popularity of the Tahoe resorts and the American River recreational area is increasing the use of this road and it is anticipated that as soon as money becomes available other units will be improved until the entire route has been brought up to modern standards of alignment and grade.

In the gold rush days this route, with its stagecoaches and pony express riders, was among the most colorful and romantic on earth.

Following an inspection of the project, a group of official guests was entertained at luncheon at the Hotel Raftles in Placerville. Informal talks

were made by Henry S. Lyon, district attorney of El Dorado; Fred C. Taton of the California State Chamber of Commerce; William Breedlove, chairman of the El Dorado board of supervisors; Mayor George Faugstad, Mayor of Placerville, and others.

Representing the city of Sacramento at the dedication ceremonies were City Manager James S. Dean and Edwin R. Pickett, president of the Sacramento Chamber of Commerce.

As was mentioned in a previous article in the December, 1937, issue of this magazine, this new construction is approximately 4.3 miles in length, about 1.9 miles shorter than the old route. The new alignment, with a minimum radius of curvature of 1000 feet, eliminates many sharper curves, some with radii shorter than 100 feet.

The surfacing on the project consists of plant-mixed bituminous treated crushed rock, 22 feet wide by 0.25 of a foot thick, on a crusher run base 23 feet wide by 0.4 of a foot thick. The grading and surfacing cost approximately \$190,000. The contractor was Hemstreet and Bell and Mr. J. D. Greene and Mr. H. P. Sherwood were the resident engineers for the State.

The Webber Creek bridge, over 100 feet high and 322 feet long, is of the reinforced concrete girder type. A graceful span, blending well with the surrounding country, it was built concurrently under a separate contract at a cost of about \$41,000. The contractor was the Campbell Construction Company and the resident engineer for the State was Mr. J. H. Horn.

by Mary Baker Eddy, will also be included: "The question, 'What is Truth,' convulses the world. The efforts of error to answer this question by some ology are vain. Spiritual rationality and free thought accompany approaching Science, and cannot be put down. They will emancipate humanity, and supplant unscientific means and so-called laws" (p. 223).

RUSSIAN-JAP CRISIS GROWS AS SOVIET SPURNS DEMAND

MOSCOW, (U.P.)—Russia waited today for Japan's next move in their dispute after refusing a demand presented by Japan that the Soviet evacuate a hill on the Siberian-Manchukuoan border which both nations claim.

Refusal Considered
TOKYO, (U.P.)—The cabinet met today to discuss the rejection by Russia of a Japanese demand for evacuation of a hill near the junction of the Siberian-Manchukuo-Korea boundaries.

The Russians are said to have occupied the hill, which is claimed a part of Manchukuo.

GRAPE PRORATE VOTE JULY 29

Growers In County Who Fail To Receive Notice Should Consult Commissioner

Notices regarding the Grape Prorate Election, to be held on July 29th, have been sent out to all grape growers of the county, according to John Winkelman, County Commissioner.

In case any one has been overlooked and does not receive a notice of this election this week, he should immediately notify the Commissioner by appearing at his office before this election day of July 29 and show reason for his demand that he be qualified as a grape grower. Winkelman said.

Any one having one acre or more of wine grapes for commercial purposes constitute a grape grower (one acre of grapes consisting of 450 vines or more).

Over 25,000 grape growers in the state, scattered over 43 counties, will cast their ballots on July 29 as to being either for or against the Prorate. Additional information may be obtained from the Commissioner's Office, at the Court House, Placerville.

600,000 VOTERS JOIN TO FIGHT REPEAL OF SALES TAX

The sales tax repeal-single tax initiative, with 187,480 certified signatures on file with the Secretary of State, has qualified for the November 8 election ballot, according to word received today by C. C. Teague, chairman of the Statewide Council Against the Single Tax.

This amendment, by wiping out the repeal sales tax and other state taxes, would eliminate \$100,000,000 of present state revenue. The proponents of the amendment would substitute a tax on land values which would, according to the Research Committee of the Statewide Council, increase tax levies on land nearly 200 per cent throughout the state, and as much as 500 per cent in a number of counties.

Teague heads a group of 30 statewide organizations, including women's groups, public officials, farm groups, commercial and school associations, opposing the single tax measure leagued together as the Statewide Council Against the Single Tax, which has a combined membership of 600,000 voters, with representatives in every county of the state.

LOTUS

The past week has been quite warm and a good crowd during the days and evenings has gathered at our swimming beach from far and near. In the last issue, the Garden Valley correspondent, who visits our beach occasionally, had an article in the Garden Valley news regarding our beach and we agree in every way with what was said and hope someone will take it in heart and fix up the swimming hole as it should be done, first by cutting out and cleaning up the grounds of all brush and willows, putting up a few tables for the people to eat their lunch on, build a couple of toilets, make some benches to sit on. As for shade, there is plenty of it on the beach if the trees and willows were put in shape as they should be. We, as an old-time resident, have been after someone to take hold and put the bathing resort in order for years past, but no one seems to take a hold and go ahead with the work. We are willing to donate liberally toward putting the place in order and believe it will be proven that the Lotus Oaks resort will help a good cause along.

Archie Lawyer came down from Uncle Tom's Sunday and spent a short visit in our town, returning toward evening.

Vinton Veerkamp, one of the farmers and high school bus drivers, was in our town Sunday from his home near Rescue, bringing up two Chester White pigs for Charlie Rasmussen.

Al McKenny and wife and Ed Stillwell came up from Sacramento on Friday evening and on Saturday Ballard and Walter Stahlman joined them and spent the week-end at Al's mine. The latter two returned home Sunday while Al and his wife are spending the week on Honeymoon Hill.

Mr. and Mrs. Henry Bacchi and son, Francis, went to Salinas last Friday and took in the rodeo. They returned home Sunday evening and Henry reports the affair was tip-top in every respect.

Everett Golden, who has been driving the bakery wagon from Auburn for the past six months, visiting our town three times a week, made his last trip on Saturday. He says there is very little money in it and has given up the route.

Byron Bacchi and Charles Pine, from Peavine, spent the week-end in Lotus returning Sunday afternoon. Henry Bacchi is putting in a large refrigerator plant at his mountain ranch and Mr. Pine is assisting him with the work.

Rudolph Kunigk, the plumber, accompanied by his mother, Mrs. Hanna Kane of Coloma, spent Sunday evening visiting with friends in our town.

Mrs. Juanita Emmerson, one of the candidates for Superintendent of Schools, was in our town on Tuesday calling on our voters. She was followed by John B. Wagner, one of the candidates for Supervisor in the Fourth district. These are the only two candidates whom we have seen on our streets for some time past.

Luneman Brothers, with their large herd of cattle, passed through our town Sunday evening taking their cattle to the mountains for the summer months. This finishes about all the stock going up to the mountains.

Frank Marker, of Garden Valley, Hector Williamson, of Springvale, Ernest Roberts and his brother-in-law, Frank McCarty, of Oakland, were in our town the past week. Roberts and McCarty were on their way home from a few days outing at Uncle Tom's and came this way to call on their relatives and friends for a short visit.

Hector Williamson, of Springvale, went to Placerville last Friday and brought home his son, Allen, who had been a patient at the Sanatorium for two weeks following an operation for appendicitis. The young man is doing nicely and will, in due time, be back to work with his father building bridges and doing other cement work.

Mr. and Mrs. Al Roberts and their son, Lawrence, of Oakland, who have spent two weeks on vacation at Uncle Tom's resort and also at the Francis place on the Rubicon River, were in our town Saturday evening on their journey home. Al has spent his vacation of two weeks each year for the past twelve years at and around Uncle Tom's and always makes it a point to be in the mountains on July 4.

Reg Sutton and wife, of Placerville, spent the week-end at the Fenske residence, Mrs. Sutton being a sister of Mrs. Amanda Fenske.

Mr. and Mrs. Lee Hopper and family, of Laytonville, are also spending a vacation at the Fenske ranch.

Mr. and Mrs. Joe Papini walked down from their Coloma home Monday morning to get their names enrolled on the great register so they can vote at the August primary. Al McKenny and wife also had their names added to the list of voters.

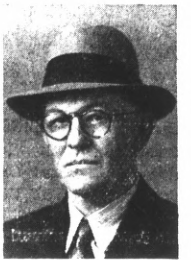

The Misses Cecelia, Emma and Virginia Papini, of Coloma, left the past week to spend a part of their vacation from school duties at Yosemite Park. They intend to be gone two weeks or more and after their return to Coloma will have a rest for a while and then

E. Y. Gray Tells His Platform

Candidate For Sheriff Swings Into Active Pre-Primary Campaign This Week

Euell Y. Gray makes public announcement this week of his candidacy for election as sheriff of El Dorado County, subject to the August primaries.

Mr. Gray was given the opportunity, as were all other candidates, of making a statement earlier in the campaign, but asked to be excused at that time until a later date. With this statement, Mr. Gray begins an active campaign among the voters of the voters of the county which will continue until the primary election results are known.

E. Y. Gray

Mr. Gray is a native of Gray's Flat, in the Shingle Springs district, and has a wide acquaintance throughout the county as a result of his long residence, and as a result of his service for some nineteen years as warden for the state fish and game department.

During his service in that capacity, he co-operated on many occasions with the county peace officers in law enforcement cases of various natures. Some years ago he was given opportunity to accept the Northern California district, with headquarters at Crescent City, and served in that post for six months following which he took a leave of absence owing to the press of his interests here in El Dorado county for attention.

He subsequently resigned from that service and later was appointed Postmaster in Placerville, serving in that capacity for three years and since that time has been devoting himself to his property interests at Echo Lake. He was also chairman of Placerville School Board for twelve years.

"I am campaigning for election as sheriff on the basis of my experience in law enforcement and my knowledge of the county, with a pledge for economy and efficiency during my term of office," Mr. Gray said.

"A candidate for an office is presumed to have a platform or some statement of policies which he will follow if elected, and I have such a statement of policies I will propose to follow."

go back to teaching. Miss Cecilia will return to her school at San Francisco and Miss Emma will go back to her school at the capital city.

The Rev. and Mrs. Rex Barron, of Placerville, and Mrs. Jack Houston, of Coloma, were dinner guests of the Reasdale family Sunday evening.

Mr. and Mrs. Harry Reasdale and Mrs. Florence Hines, of this place, and Mr. and Mrs. Hector Williamson, of Springvale, journeyed to Smith Flat Saturday evening to take in the card party given by the quadrille club and between them all brought home three prizes.

Mrs. Dudley Stevenson has gone to Oakland with her sister, Mrs. Schelbert, who had spent a vacation at Lotus. While here the visitor took numerous trips to nearby points of interest and also saw Lake Tahoe.

Charlie Hines and his father spent two days the past week on a fishing trip up at Loon Lake but did not meet with much success as because of high water the speckled beauties did not take a very good hold.

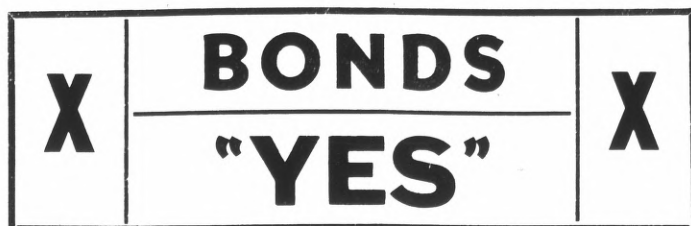

A great deal of excitement took place at the Oviada home in Coloma Saturday night, the occasion being the doctor's birthday party. Fourteen were present for dinner and the grounds were really decorated and everyone received noise-makers. Later the group drove down to Reasdale to congratulate Miss Helen Reasdale on her birthday and to decorate the place with serpentine.

Ivan Lilley, farm advisor, called recently on fruit growers here and also at the Oviada place at Coloma.

Wednesday was the warmest day so far this year, the mercury hitting the 105 mark. The past week we had three days when it ran up to 100 and

TUESDAY, JULY 26

BONDS-YES

X

Why...

**SHOULD \$95,000 BE VOTED TO ENLARGE THE
PRESENT EL DORADO COUNTY HIGH SCHOOL?**

1. To relieve a congestion that is increasing every year.
2. To add new rooms needed for instruction of subjects handicapped by lack of space.
3. To give every high school student the education privileges to which he is entitled.

THE PRESENT HIGH SCHOOL WAS CONSTRUCTED TO HANDLE AN ENROLLMENT OF 325 STUDENTS. THE 1937-38 ENROLLMENT WAS 525 STUDENTS! INDICATIONS ARE THAT THIS NUMBER WILL BE INCREASED TO 570 IN THE 1938-39 ENROLLMENT.

PWA grant has been approved to cover 45% of the total cost of construction and equipment. Take advantage of this opportunity to save the county taxpayers \$45,000.

The High School Board has pledged itself to expend only the amount of the bond issue which is **ABSOLUTELY NECESSARY.**

This improvement at the county high school **MUST BE MADE**, eventually. **WHY NOT VOTE FOR IT NOW WHEN THE GOVERNMENT'S ASSISTANCE IS ASSURED!**

torney in all criminal matters.

"The criminal department of the sheriff's office should not be used in any way to assist any parties to civil litigation, and the office should at all times be fair and impartial to all parties and to all attorneys; particularly in civil matters.

"The duties of sheriff are to be performed without regard to the persons concerned and privileges should not be extended to one and denied to another on the basis of friendship or politics.

"All laws should be impartially enforced. When the sheriff, in performance of his duties, gains information from another party which helps him in his work, I believe that information should be regarded as confidential and the same should not be divulged.

"I believe in co-operation between the sheriff and county officers, the Placerville city officers, constables, and the California Highway Patrol. Each of these has their own work to do and the offices can and should at all times co-operate in the interests of efficiency in law enforcement.

"If I am elected, it will be my policy at all times to co-operate with the District Attorney in the gathering of evidence in criminal matters for presentation in court and I believe this a most important work, the manner in which this evidence is gathered and presented to court.

"This is my platform;—these are some of the policies by which I will be governed. As I said before, this is what I will do; I have not intended to criticize any person. These are policies which I will put in force if I am elected sheriff."
